

What is Vinedressers?

The Vinedressers series is a Premium and Exclusive line up of wines only available at Pelee Island Winery in limited quantities. The series obtained its name through the history of grape growing and maintenance on Pelee Island in the 1880's. At that time, the ongoing sound of pruning shears could be heard in the Vineyard. Pelee Islander's referred to this task as "trimming grapes" and those who did this work, were referred to as "The Vinedressers".
